## 4 Lane Tiaro Bypass?

18 Oct 2022. The recent \$1.47 billion infrastructure allocation for Queensland in the upcoming 2022-23 Federal Budget did not mention the four lane Tiaro bypass. In 2021 Mnr Bailey indicated major construction wouldn't start until 2024-25, but Mr O'Brien has NOT received a reply from Minister King that funding allocated would be honoured by the new Labor Government and asking for the project to proceed asap. - L.O'Brien <https://llewobrien.com.au/tiaro-bypass/>

29 Oct 2022. Bauple residents are concerned that the current bypass design does not favour their village for tourism or transport. A motion by **Crs Chapman & Truscott** directs FCRC to correspond with the Minister of Transport, assisting the Bauple community to have the appropriate public consultation with TMR. [Bauple Progress Association](http://BaupleProgressAssociation) has a committee set up for this purpose and all correspondence should be directed via that committee. D.Chapman

## Get Ready

October is Get Ready Month and a good time to clean up around your yard; to make sure gutters are cleaned, branches overhanging your house are pruned and loose items are taken away. Residents are urged to sort their loads to ensure all reusable and recyclable items and green waste can be disposed of for free. A list of items that can be disposed of for free is available at [frasercoast.qld.gov.au/storm-season-clean-up](http://frasercoast.qld.gov.au/storm-season-clean-up).
